## About UNIDOR Materials Trading LLC !

UNIDOR is an expert manufacturer and supplier of architectural-grade hollow metal doors, frames, and finish hardware, with over 15 years of experience in Dubai. The company prides itself on its highly qualified management team and in-depth product knowledge. UNIDOR offers a diverse range of Fire Rated and Non-Fire Rated Steel Doors, Frames, and Ironmongery, providing high-quality solutions for a variety of commercial projects including hotels, banks, commercial and residential buildings, and offices.

In addition to its core product offerings, UNIDOR represents some of the most respected brands in the building materials industry, including Hettich, UKEN, Makita, Stanley, Fevicol, Dewalt and many more, further enhancing the range and quality of products available. UNIDOR also offers a line of packaging materials, helping to support and protect the integrity of the products supplied.

With a team of highly trained and experienced professionals, UNIDOR excels in assisting both large and small-scale projects at competitive price points, all while maintaining the highest standards of customer service. Whether you're constructing a new hotel, hospital, school, or office, the UNIDOR team has extensive experience interpreting plans and specifications and delivering the highest quality parts.

UNIDOR also specializes in the renovation of hospitality projects across the UAE, providing on-site visits to ensure seamless integration of new materials with existing ones, all in compliance with local regulations.
